EDUCATION

Bachelor Of Technology,
BIT Mesra - Patna Campus
Computer Science and Engineering -
8.7 CGPA (Upto 3rd Sem)   2023 - 2027

PROJECTS

- **Cryp2Sale**: Developed a global e-commerce platform focused on cryptocurrency products, trusted by over 100+ daily international users for secure and seamless transactions, offering an intuitive and user-friendly shopping experience. *(Visit here)*

- **Frontend Code Editor**: Created an interactive frontend code editor that enables real-time HTML, CSS, and JavaScript preview. The tool has received positive feedback from over 100 users, supporting their coding practice sessions. *(Explore it here)*

- **Jeevandan**: Designed an intuitive online platform for BIT Mesra students, providing 50+ users easy access to a vast collection of study materials across different branches and academic years. Completed the platform in just three weeks. *(Try it here)*

- **Portfolio**: Built a fully responsive personal website to showcase web development projects, using HTML, CSS, JavaScript, and Bootstrap. Optimized for performance, leading to a 150

(View all projects)

ACHIEVEMENTS

- **Team Leader at Dev Conquest Hackathon:** Led the development of a fully functional LeetCode replica, overseeing front-end design and demonstrating leadership, innovative design skills, and effective collaboration, culminating in a winning project that showcased both technical and teamwork excellence.

- **Solved 300+ DSA problems:** Solved problems on platforms like Codeforces, LeetCode, CodeChef, and HackerRank, enhancing analytical thinking and optimizing algorithms.

EXTRA-CURRICULAR ACTIVITIES

- Active NSS Volunteer, contributing to community service and social initiatives.

- Team Member of Divya Club, a placement-oriented club at BIT Mesra.

- Team Member of the Technical Club, organizing events and Encouraging continuous learning through technical challenges at BIT Mesra.

- Won 1st Prize in Stage Drama at Technika 24.

- Won 1st Prize in Nukkad Natak at Technika 24.
